

Power Source

What kind of power is the Power Source?

The Power Source is a **GAS-FREE GENERATOR** for indoor use. It does not emit harmful gases, it is silent, portable and it does not require maintenance or installation.

How does it work?

The Power Source comes with a standard wall outlet plug. Simply plug the Power Source into the wall outlet at your home or business and the unit will sense when the electricity has been turned off. Any appliance connected to the Power Source will automatically start within one second.

How can it be recharged?

There are three main ways to recharge your Power Source. First, the Power Source can be recharged by your vehicle battery. Second, when the electricity comes back on it will automatically recharge itself through its connection to the wall outlet. Lastly, it can be **RECHARGED WITH A PORTABLE SOLAR PANEL** that can be placed on a balcony, patio or in a backyard. The solar panel comes with a 25' cable that can be connected directly into the Power Source and it will use the sun to recharge, even as it is being used!

How long does it take to charge?

The Gen - 400 can power a small refrigerator, 26" flat screen TV, a DVD player, phone charger, computer and 4 fluorescent lamps in a home for 11.5 days, with the help of the solar panels and only take 3.5 HOURS TO RECHARGE the unit.

What appliances can be powered with the power source?

Power Source can power most 120 volt household appliances, tools and battery chargers.

What is the maintenance of the power source?

The Power Source is a **MAINTENANCE FREE** system.

COMPARISON OF THE Power Source 400 AND AN AVERAGE GAS GENERATOR		
	Power Source	GAS GENERATOR
WATTS	2500W	3500W
SURGE WATTAGE	7500W	3750W
MAINTENANCE	7-10 YEARS	WEEKLY
FUEL REFILLS AFTER 3.2 DAYS	NONE	39 REFILLS
FUEL + OIL COAST AFTER 3.2 DAYS	\$0	\$215.40
FUEL COST AFTER 370 CYCLES	\$0	\$12,606.00
PORTABLE	YES	NO
NOISE LEVEL	SILENT	76 Db(A)
START TYPE	AUTOMATIC	MANUAL PULL STRING
WARRANTY	2 YEARS	1 YEAR
FLAMMABLE	NO	YES
EXHAUST OR EMISSIONS	NO	YES
AUTOMATIC VOLTAGE REGULATOR	YES	NO
REMOTE CONTROL	YES	NO
POWER GUAGE	YES	NO
DISCHARGE METER	YES	NO
OSHA GRADE REQUIRED OUTLETS	YES	NO
TOTAL OUTLETS	8 OUTLETS	2 OUTLETS
SAFE FOR INDOOR USE	YES	NO
RECHARGEABLE	YES	NO
OPERATING COST AFTER 370 CYCLES	\$0	\$13,616.00
OPERATING COST AFTER 3.2 DAYS	\$0	\$264.40
HOURS UNTIL FULL DISCHARGE	76.8 HOURS	2 HOURS
SERVICE LIFE	7-12 YEARS	2-5 YEARS
